AlphaTec®
ADVANCED CHEMICAL PROTECTION

87-155

Lightweight natural rubber glove with flocked lining

Previously known as: VersaTouch

Light-duty natural rubber gloves, protecting wearers for food-related applications and more

- **Assured dexterity:** AlphaTec® 87-155 light-duty industrial gloves are made from 100% pure natural rubber latex, offering wearers tactility and dexterity
- **Elevated comfort:** These tactile, high-dexterity work gloves' pure cotton flock lining absorbs sweat, making them more comfortable with sustained use
- **Food handling compliance:** These AlphaTec® safety gloves also comply with FDA food handling requirements (21 CFR 177.2600), making them suitable for various food processing applications
- **Reduced allergy risks:** As they undergo a chlorination treatment, they are cleaner and less likely to cause an allergic reaction in wearers

Industries

- Food Processing
- Chemical
- Agriculture
- Janitorial / Sanitation

Applications

- Maintenance of plant and machines
- All food processing applications that have food contact
- Fruit and Vegetable Processing
- Seafood processing
- Laboratory maintenance and clean up
- Janitorial use
