

Aquanex Touch smart dispenser and stand

The Thermo Scientific™ Aquanex™ Touch Smart Dispenser offers flexible and intelligent dispensing in the palm of your hand. The Touch Smart Dispenser has an ergonomic pipette style design with a touch screen display, volumetric and manual dispense functions, and adjustable height base. For added flexibility, the dispenser can be used up to 10 ft. away from Aquanex Water Purification Unit.

The Aquanex Touch Smart Dispenser allows you to dispense Type I water with confidence
Intelligent, ergonomic dispensing in the palm of your hand

- Easy-to-handle pipette-style dispenser
- Sturdy weighted base securely supports the dispenser
- Operate at a range of heights while supported by the base
- Handle is magnetically held on the stand
