# Cimarec Basic 4x4 hotplate 120V

Thermo Scientific Cimarec Basic Hot Heaters reach maximum temperature in less than 8 minutes.
The sleek, rugged design reduces the chances of top plate breakage and offers greater durability for high economic performance.

- Solid ceramic top plate is easy to clean and resistant to acids and alkalis
- New top plate design reduces the chances of breakage
- Spill conduction design deflects spills away from contact with internal components
- Control knob allows precise temperature control
- The integral ring bracket accommodates a 0.5in bracket rod. (1.3 cm) diameter
