

Cimarec 7x7 aHPS 230V

The new Thermo Scientific™ Cimarec+™ Stirring Hotplate Series offers precise stirring control and exceptional safety and temperature performance for routine protocols. The Cimarec+ series is available in three sizes, offering flexibility: from micro-scale chemistry applications to production operations.

Advanced technology

- Stir-Trac is an innovative technology that offers low-speed mixing, smooth speed control, and strong magnetic coupling
- Temperature can be adjusted in 1 degree increments
- Hot Top warning system designed to protect against accidental burns clearly indicating when the heating surface exceeds 50°C (122°F)
